

Information Part I

I must have told
A dozen lies today
I'll get mine

People who are always late
I think they're living more than me
I kill time with cigarettes
When I'm early
The "White Girl" early
I'll get mine

I saw this photograph
Of a happy family
I had to laugh
I don't know one
Don't no one
I'll get mine

I have so much love to give
In this vessel called my heart
I have just some love to give
When will I start
I'll get mine

You're sitting next to me
Asking for my secrets
I'm right beside you
Can't tear these walls down
I'll get mine

I must have told
At least
A dozen lies today
