

This moment she's getting older  
This moment she's seeing farther  
You're gonna have to stop whispering  
These secrets she's watching over...  
These secrets she's getting louder  
You're gonna have to start listening

Silence costs more  
Silence costs more than it used to  
Silence takes more  
Silence takes more than it used to

Yesterday she had a softer heart  
Yesterday she loved the foolish part  
You could not ever  
Stop laughing

Innocence it came so easy  
In a sense she always pleased  
You could not ever  
Start crying`

A smile costs more  
A smile costs more than it used to  
A smile takes more  
A smile takes more than it used to

She became so self conscious,  
Fascinated with cool

"

*"Baby, you were too good  
She moves, who watches?  
looking for your own good,  
Can't break the rules  
taking a good look at  
Poets, kids and crazies  
everybody looking good  
Live in their world  
at you....."*

That's where I'm going  
To be in this fucking world

Freedom has  
The price and the gifts  
Freedom is  
The hard way to live  
You just might have to give it up
